EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Harrington on 27 April 2005.

The application has been amended as follows:

At claim 81, line 3, "a virtual wallet application having a local aspect residing on a terminal of the owner and a remote aspect residing on a server of a trusted third party" has been replaced with -- a terminal of the owner with a virtual wallet application having a local aspect residing thereon and a server of a trusted third party with a remote aspect residing thereon --.

REASONS FOR ALLOWANCE

Claims 1, 3, 5, 7, 8, 10-12, 19, 20, 22-24, 28-32, 34, 38-41, 48-50, 72, 73, 75-81, and 93 are allowed.

The following is an examiner's statement of reasons for allowance:

As per independent claims 1, 32, 41, 81, and 93, the Examiner accepts Applicant's arguments, as set forth in the Remarks/Arguments filed 14 June 2004, that Carmen et al. does not teach each of the following:

- Periodically updating the remote aspect of the virtual wallet application with the data stored on the local aspect by the virtual archivist function of the virtual

- wallet application via the network and periodically reformatting the data stored on the remote aspect of the virtual wallet application by the virtual archivist function to conform to succeeding methods of accessing the stored data; or
- Receiving verification of the occurrence of the event by the trusted third party from a personal representative of the owner upon the occurrence of the event and accessing the stored data by the trusted third party on behalf of the owner's personal representative with the escrowed secret access device.

See Applicant's arguments for further details regarding how each of these features is distinguished over Carmen et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
